

## Mission

Global Horizons Inc. works with men and women from many cultures around the world on the need for reconciliation between ethnicities and races. We partner with local leaders as they develop holistic ministries that equip others for reconciliation and discipleship.

We accomplish this by partnering with directors of institutions of higher education and other development agencies that care for the needs in their home communities that they can uniquely meet. GHI assists these key leaders with their higher educational goals. GHI also conducts reconciliation workshops here in the United States.

*"You purchased men for God from every tribe, language, PEOPLE, and nation. You have made them a kingdom of priests to serve our God, they will reign on earth."*  
**Revelation 5:9**

## Commitment to Financial Integrity

GHI was organized in 1994 as a USA 501(c)(3) tax-exempt organization, registered in the state of Minnesota. GHI sends over 95% of donations directly to projects it supports.

## Ministries

Global Horizons Inc. networks with leaders both in the United States and around the globe. GHI works with seminary directors, pastors, professors, and church leaders with encouragement, advisory committee development, and many other aspects of the development of their ministries. Individual ministries work within the directives of their board of directors and give reports to GHI. All projects and ministries are consistent with GHI mission to assist leaders in the call to racial and ethnic reconciliation.

GHI is assisting ministries in Africa, Asia, Europe, North America and South America. Some projects span several countries as these leaders have found ministries opportunities in a multicultural context.

- Brazil** *Brazilian Baptist Seminary* educates leaders for ministry in churches and communities  
*The Church Alive Brazilia*—Church planting
- Cameroon** *Cameroon Baptist Theological Seminary* is a theological institution serving to train pastors and Christian leaders for effective service
